PERSONAL PROFILE

Dealing with practical issues excites and motivates me. Through team collaborations and the organization of competitive events, I have developed my technical talents, communication abilities, and leadership traits, all of which stem from my passion for programming and hardware. The opportunity to join a prestigious organization excites me because it will allow me to put my skills to use, learn new things, and advance in my career. My readiness to have a significant influence in the IT business is a result of my problem-solving skills, resilience, and dedication to excellence.

EDUCATION

Ahsanullah University of Science Technology

Nov 2021 – Dec 2025

B Sc. in Computer Science and Engineering

CGPA: 2.814

Bir Shreshtha Munshi Abdur Rouf Public College

2020

HSC

GPA: 5.0

SKILLS

- **Programming Language:** Python, C#, Java, C, C++, HTML, CSS.
- **QA & Testing Tools:** Postman, Jira.
- **Testing Knowledge:** Manual Testing, Test Case Design, Bug Reporting, API Testing, Regression Testing.
- **Development Tools:** Git, Docker
- **IDEs:** Visual Studio, VS Code, Android Studio, CodeBlocks, Google Colab, Arduino IDE.
- **Framework & Database:** ASP .NET MVC, Android, PHP, MySQL, Firebase.
- **IoT Platforms & Protocols:** Arduino, ESP32, MQTT (basic), HTTP/REST.
- **Embedded & Hardware Skills:** Sensor interfacing, data acquisition, actuator control, hardware debugging.
- **Soft-Skills:** Leadership, Communication, Team -work, Adaptability.

EXPERIENCE

AI & Hardware Developer, AI ROBOT BONDHU

2016-2019

ICT MINISTRY, BANGLADESH

Bondhu is the first bilingual artificial intelligence robot in Bangladesh.

PERSONAL PROJECTS

Software Projects

- [LearnLink](#) [Role: QA Engineer | HTML, JavaScript, CSS, C#, ASP .net MVC] **2024**
 - Created and executed **50+ test cases** to validate system features and user interactions.
 - Tested **30+ complete user journeys**, including course enrollment, content access, and account management.
 - Verified **500+ data records** to ensure accuracy of user progress and course information.
 - Identified, reported, and tracked **20+ issues**, working closely with developers to confirm fixes and improve overall quality.
- [Personal Dashboard](#) [Python, Flask, HTML, CSS] **2025**

A **cloud-deployed personal dashboard web application** to organize and visualize personal data, focusing on a clean and user-friendly interface.
- [Local Business Directory](#) [HTML, CSS, Bootstrap, PHP, MYSQL] **2024**

A **web-based business directory system** with integrated database support to manage and display local business information efficiently.
- [Root](#) [Java, Android] **2023**

An **e-commerce app** for Android using **Java** in **Android Studio**.
Focused on creating a smooth, user-friendly experience to make shopping simple and enjoyable.
- [Hospital Management System](#) [Java, MySQL Server] **2023**

A **hospital management application** to streamline patient records, appointments, and overall hospital operations for efficient management.
- [Underground Racing](#) [C++, iGraphics] **2022**

A **racing game** focused on fast-paced gameplay and an engaging user experience .

Hardware Projects

- [The Unified Smart Home Ecosystem](#)

Centralized IoT system integrating wellness, security, and energy management with AI-driven monitoring and smart automation.
Used components : ESP32, Raspberry Pi 4, mmWave radar sensor, PIR motion sensor, sound sensor, current sensor etc .

2025
- [Traffic Management System](#)

A fog and edge network system for making real time decisions
Used components:Esp32, gyroscope, accelerometer, magnetometer.

2024
- Smart Security System

A IOT project with real time tracking and calling messaging feature
Used components : Arduino Uno , Sonar ,Keypads, GSM module ,Wi-Fi Module.

2016

Research Work :

- [Design & Implementation of Intelligent Solar Panel System](#)

Implementation with system testing, data validation, sensor accuracy verification, and automation monitoring .

Abstract published at
IEEE CS BDC Summer Symposium 2025, HSTU.

EXTRACURRICULAR ACTIVITIES

- Organizing Committee Member

- AUST CSE CRICKET TOURNAMENT, SPRING 2024
 - অস্ট সি এস সি চডুইভাতি বসন্ত পর্ব ২০২৪
 - AUST CSE CARNIVAL 5.0, SPRING 2024
 - AUST CSE REVELRY, SPRING 2024
 - THE LAST NOTE, FALL 2024

VOLUNTEER EXPERIENCE

- ICT Olympiad Bangladesh
Campus Ambassador
 - সি এস সি অ্যালামনাই বৈশাখী মিলনমেলা

2022-2023

2025

ACHIEVEMENTS

- BCSIR NATIONAL SCIENCE FEST
Project showcase: Smart Security System
Champion
 - BCSIR NATIONAL SCIENCE FEST
Project Showcase: Affordable Prosthetic
Hand for Physically disabled People
Champion
 - ROBOMANIA 1.0
Bot Fight
Runner-up
 - CEFALO, AUST CSE CARNIVAL 2.0
Soccer-Bot Competition
Runner-up

2016

2019

2024

2023
- AC RED League Football Tournament
Football Tournament
Champion
 - AUST CSE FUTSAL CHAMPIONSHIP, Fall'24
Inter Aust CSE Football tournament
Champion
 - AUST CSE FOOTBALL CHAMPIONSHIP, FALL 24
Inter Aust CSE Football tournament
Runner-up
 - AUST CSE Cricket Tournament, SPRING 24
Inter Aust CSE Cricket tournament
Runner-up
 - Naimal Memorial Cricket Tournament, Fall 22
Inter Aust CSE Cricket tournament
Runner-up

2024-2025
